## TAKEN FROM WESTERY NORWICH

### Sidney Armstrong Arrested for Theft—Successful Liquor Raid—Hope Valley to Bid for New Industries—Elms Not Killed by Gas—Superior Court Docket for Coming Week.

Sergeant Toomey of the Norwich police force came to Westery by trolley Thursday and drove to Shannock, where, assisted by Chief Fuller, the arrest of Sidney Armstrong was effected. Sergeant Toomey returned to Westery with his prisoner late Thursday night, and Armstrong was placed in a cell in the local police station. He was taken to Norwich on the 3.30 trolley car Friday morning. Armstrong is wanted in connection with the theft of \$50 taken from an acquaintance in the apartments of Alice Smith in Norwich.

Chief Bransfield, accompanied by Sergeant Brown and Policeman West, raided the premises of John P. Ahern in Oak street, Thursday night, and made search for intoxicating liquors. The officers found and seized a barrel of ale, a keg of four gallons of whiskey, two quart bottles of whiskey, one of which was partially emptied, and a milk pail partly filled with ale. The seized goods were taken to police headquarters, and the owners of the goods will be given opportunity to make claim for same at the regular session of the Third district court next Friday.

William J. Brines of Salt Lake City, a former resident of Westery, and a singer of prominence, is here visiting relatives. He is under two years' contract with Manager Shubert and arrived in New York too late to start out with the company to which he was to be assigned. So he was given a week's vacation, and will leave New York with a Shubert company early next week. While in Westery he is the guest of Dr. J. Howard Morgan in High street.

The Red Cross Christmas stamps will go on sale next Wednesday in Westery, and the proceeds will be devoted to the campaign against tuberculosis. Every cent received for the stamps will be used within the state of Rhode Island in battling with the white plague. The stamps will be sold for one cent each and may be used as currency only, not being valuable to carry letters through the mails. It is expected that \$20,000 will be realized from the sale of these stamps during the month of December.

The Rhode Island state board of health has issued information in regard to prevention of the spread of diphtheria, which should tend to lessen the number of cases in the state. During the year 1908 there were 1,044 deaths from consumption in this small state, at the following ages:

Under 5 years, 141; from 5 to 10 years, 19; 10 to 15 years, 21; 15 to 20 years, 69; 20 to 30 years, 240; 30 to 40 years, 245; 40 to 50 years, 154; 50 to 60 years, 71; 60 to 70 years, 57; 70 to 80 years, 16; 80 and over, 3. The health authorities of the state are active in their efforts to lessen the number of cases, and claim that this result can be attained without co-operation of the general public.

Since the loss to Hope Valley of the Nichols & Langworthy Machine company, enterprising residents have been actively endeavoring to get other industries located in the town of Hopkinton, of which Hope Valley is a part. In

response to a numerously signed petition, a special town meeting will be held next month to consider a proposition to make exemption from taxation prospective industries. The question to be put before the taxpayers for action is as follows:

"Will the town of Hopkinton, R. I., exempt from taxation for a period of years the amount which may be invested by any person or corporation who may establish any new manufacturing plant or industry in the town of Hopkinton, and who shall put in a capital sum of not less than \$25,000 above the present tax valuation of the property on which they may locate?"

This method was adopted by the town of Richmond when the Alton Lacey company proposed to locate there.

The finding of the experts who at the request of the Westery Power company made investigation in connection with the charges that many claims in Westery had been killed by escaping gas from the street mains have made report, but it is not ready for publication. It is said that while the gas may be responsible for the loss of some trees, gas had nothing to do with the loss of others, as the mains are above the roots of the trees, some of which died of lack of care and other causes.

The superior court for Washington county will convene in Westery Monday for the third time in as many years for the trial of local cases. Among the cases assigned are three against the town of Westery, two brought by Courtland P. Damage is claimed in each of these other cases to be tried are: Manley P. Barber et al. against Etta May Taylor, Maxson & Co. against William H. Barber, Arthur M. Wilson against Amy D. Jones, Hattie T. Kenyon against William A. Wilcox, James H. Murphy against Charles P. Eccleston, and Eunice J. Briggs against Thomas J. Kenyon.

At the session in Kingston, Friday, Mary Turano of Westery was fined \$5.00 and costs, and to serve ten days in the Kingston jail for selling intoxicating liquor contrary to law.

Non-suit was entered in the case of Elias Carpenter against Willet H. Arnold, an action as to boundary line. James E. Fowler and James H. Nichols were brought into court on a capias, the first to answer to the charge of failure to provide, and the second of permitting a child to remain away from school. Both furnished surety to comply with the ruling of the court.

### COLDS Often Lead To Serious Trouble

It is a well-known fact that pulmonary tuberculosis is so insidious in its workings that its victims seldom realize their danger until after the disease has taken a strong hold. In such cases are frequently discovered in apparently insignificant colds.

Colds, if neglected, often lead to serious consequences. To break up a cold quickly there is nothing so effective as the simple mixture of two ounces of Glycerine and a half-ounce of Virgin Oil of Pine compound pure with eight ounces of pure Whisky.

You can buy these in any good drug store, and easily mix them together in a large bottle. Shake well and take a teat spoonful every four hours. It soothes and breaks the irritation in the throat and bronchial organs, relieves hoarseness, and will cure any cough that is cough.

Because of its purity this mixture is far preferable to ordinary patent cough medicines, being free from chloroform or any other harmful or habit-forming drug. The genuine Virgin Oil of Pine compound pure is a fine and active principle of a pine and is prepared in the laboratories of the Leach Chemical Co., of Cincinnati, O., who recommend it highly for any case of throat or bronchial trouble.
